STATEMENTS: LUPERCIO, Santos Sr. 4448 S Hermitage. no phone.

INVESTIGATION: The reporting detective assigned to the incident by Sgt Invergo of this command through normal police channels. Upon arrival at the scene it was noted: The building was still smoldering and the fire department and other police units were still on the scene. The reporting had a conversation with the bomb and arson unit personnel. They stated that at this time they had no idea as to the cause of the fire. Samples would be taken from the debris and sent to the lab for analysis.

A conversation was then had with the Chief of the Fire Department, Altman, and he said that five bodies had been removed from the building and transported to the Holy Cross Hospital. The fire and police were still searching for one other body. This was later found about 1115 hours.

A canvass of the neighborhood was then conducted. see format. and no indication of foul play could be uncovered.

The reporting proceeded to the Holy Cross Hospital and had a conversation with Dr. Smith. He stated that he pronounced all of the bodies that were brought into the hospital. He said that all were D.O.A. The remains were then transported to the Fishbein Institute for post mortems. Dr. Smith further said that Mr Santos Lupercio was admitted to the hospital intensive care unit with lacerations and a skull fracture.

LUPERCIO, Santos Sr. He was interviewed in the intensive care unit and stated in summary the following: He awoke and the apartment was on fire. He could not get to his family so he was going to jump out the back and come in the front. When he got to the back window he fell two floors and struck his head. He was unable to get to his family. He stated that the first floor is empty and he and his family occupy the second floor. He could not say where the fire started or how it started.

Several days later the results from the samples of the debris that were taken from the scene were returned from the lab. They showed negative for any accelerant.

Based on the above stated facts it is requested that this incident be classified as closed, apparent accidental fire deaths.

INVESTIGATION: In continuance of the subject investigation the R/O's proceeded to Holy Cross Hospital for the purpose of conducting an interview with Santos Lupercio after arrangements had been made for Off. C. Mostek #13868 of Beat #912 to act as an interpreter during this interview. This interview was allowed by Holy Cross Hospital with the stipulation that the information regarding the death of his wife and children would not be made known to him. He is being treated for a skull fracture, smoke inhalation and some burns. During this interview Santos stated that he had been sleeping at the time of the fire and was awakened by the sound of someone yelling from outside on the street at about 0400 hours. When he woke up he observed the fire all around the outer walls of the house except for the side where the window was located that he fell from. He said that he had no idea of the origin of the fire and does not know who it was that alerted him to the fire. He asked about the whereabouts and welfare of his family but was told that they were being treated in another hospital on the instructions of Holy Cross Hospital personnel.

Manuel and Alma Lupercio who are the brother and sister-in-law of Santos were present at the hospital but they could add nothing to aid in this investigation. They were given a business card and were requested to call our office with the information on the birthdates of the deceased members of the family.

Laura Amaro was interviewed at Betos Lounge and in summary related that she saw Isabel Ramos in the lounge on 23 March at about 1930 hours, she said that she was only in the place for about one half hour and she did not know where she went when she left. She has known Isabell for about one to two years from seeing her in the lounge and also knows her from when she worked at the Mental Health Center at 47th & Honore and saw ~~the~~ Isabell when she came there for treatment.

Fernando Martinez and Minerva Harast both stated that they did not hear or see anything prior to being alerted about the fire. They also said that they heard someone outside on the street yelling and then woke up and saw the fire and then got their families outside to safety. Minerva said that she was aware that there was dangerous wiring in the basement of 4448 S. Hermitage. Oralya Siller also stated that she and her husband and three children were able to get out to safety after hearing someone yelling.

Isabell Ramos was returned to Central Detention with no additional charges.

STATEMENT OF

ISABEL RAMOSTaken 3/24/84 At 1:30 p.m.At 9th Dist Police StationPresent Det. W. Meek #4645Sgt RAJFER ASA

This statement taken regarding the fire
 of my apartment and building which occurred on 3/23/84
 at 4504 S. Marshall at 1:30 p.m.

I understand I have the right to remain silent and that anything I say can be used against me in a court of law. I understand that I have the right to talk to a lawyer and have him present with me during questioning, and if I cannot afford to hire a lawyer one will be appointed by the court to represent me before any questioning. Understanding these rights, I wish to give a statement.

I got mad and decided to ~~burn~~ burn my curtains. I was angry and tore down my curtains. I took a piece of paper put it on fire to the curtains in the kitchen those curtains were still hanging up. I stood there and saw the flames get bigger I grab the back + left. I already drank a beer. I left with a six pack. I lit the paper on the stove then put on the curtain. The reason I set the fire to my apartment cause I was angry. I know what I did was wrong. After the fire I went to a tavern and when I came back the building was gone.

HISTORY OF ARREST: R/Os were assigned to a call by the Chicago Fire Dept. requesting assistance and holding an offender for Arson. Upon arrival R/Os met Lt. Keating of Engine 116 who related that while extinguishing a garage fire at 1840 W. 46th St., he was approached by witness PONCE who told him that the offender was in the alley at the rear of the garage when the garage was on fire, before the Fire Dept. was called. R/Os were taken to the residence of the offender by the witnesses and located. The offender was informed of the allegation, placed under arrest and advised of his U.S. rights. All witnesses were brought into the ninth district. In summary, after interviewing Witness PONCE, it was learned that at Approx. 2310hrs he had observed the offender and a male subject at the rear of the garage, upon seeing the witness both subjects fled. Witness PONCE noticed smoke coming from furniture which was piled against the garage and started on fire. At this time witnesses SANCHEZ and HANKINS emerged from a friend's house after seeing the smoke. They called the Fire Dept. and attempted to extinguish the fire.

The offender was again advised of his rights. He stated that he had arrived at home at 2320hrs. He stated that he had walked his friend, known only as Jerry M/WH/15YOA who live in the vicinity of 46th & Honore half-way home. The offender denied starting any fire. Det. Nelson Bomb Arson arrived in the ninth district to conduct follow-up investigation. E.T. ordered for pictures of scene. Offender turned over to Area 3 Youth Officer Zelinda for processing and Court Referral. Offender charged with Arson-Chp 38-20-1A.

INCIDENT:

Fire Investigation --- fire in the two-story frame house located at 4504 S. Marshfield and communicated to adjacent and nearby buildings at 4500, 4502, 4508, front and rear structures, S. Marshfield, initiated in an unknown manner.

CAUSE AND ORIGIN:

Extensive damage to the building of origination and the subsequent hazardous condition of the remains precludes a thorough examination of the building. Based on extant fire signs and the statements of neighbors and firefighting personnel, the fire appears to have originated at the rear of 4504 S. Marshfield, very possibly at the rear of the first floor (kitchen/porch) area.

Unable to examine the area of origin for signs of accelerants at this time.

DAMAGE:

Extensive --- fire consumed nearly all of the upper (second floor) portions of the structure and involved the first floor to the degree that supporting members were weakened to the point of collapse. Portions of the second floor collapsed into the first floor under firefighting operations. Heavy to extensive damage to the first floor area and porch members. Fire communicated from this building to the upper reaches of the adjacent buildings at 4202 and 4208 S. Marshfield, and from there to the roofs

The reporting detective was assigned to
investigate a fire (2-11) on 23 Mar 84 at

1520 hrs. at 4504 S. Marshfield as an immediate response assignment.

On arrival the reporting detective and Det. Wayne Micek #4645 observed the building at 4504 S. Marshfield aflame and partially collapsed while CFD units continued suppression efforts. The adjacent building at 4502 S. Marshfield was burning in its upper roof portions and several other nearby buildings (4500, 4508, front and rear) were noted as smoldering and exhibiting signs of having sustained some fire damage.

While the suppression efforts continued, the reporting detective and Det. Micek conducted interviews of local residents and available victims.

CFD Lt. ENNIS, one of the first CFD units to arrive related that when he arrived, the first floor porch and kitchen area were

fully involved and the rear dorr was nearly consumed. When asked about the front door he stated he believed it was forced, but he could not be sure. He also noted that his observations might be somewhat sketchy as the first floor became nearly wholly involved and the second floor very quickly thereafter even as suppression efforts were initiated.

Neighbor/victim Eriberto GARCIA related that he at work at the time of the fire and was informed of the fire by his daughter, who smelled smoke and called him at work. The daughter was unavailable for interview. He could not suggest any possible reasons for this fire.

Neighbor Reuben CARDOSO related that he just left the house and was driving away when he noticed smoke coming from the area of his house. He returned home and saw the rear section of 4504 S. Marshfield aflame. He did not note anything unusual at that time and could not suggest anything relative to the possible origins of this fire.

Resident/victim Severa ARTEAGA admitted having no first-hand knowledge of the fire, the children having come home and found the house afire. Arteaga did note that the first floor resident, Isabel Ramos, had had an altercation with the people at 4802 S. Marshfield, and believed Ramos was responsible for breaking out the windows there some few days prior.

Franciso BARAGAN, neighbor/victim, was not at home at the time of the fire and could not suggest any pertinent information relative to this investigation.

Local youths Videl GONZALEZ and Jose AVINA were interviewed and related, in essence, that they had been to the side of 4501 S. Marshfield, washing a car, when they noticed a woman come staggering in their direction.

INVESTIGATION (cont):

They described a woman in her late thirties, or early forties, a F/WH, about 5'6", with black hair shot with a lot of gray, wearing a shabby brown cloth coat. The woman was carrying a six-pack of beer and an open can of beer in the other hand. Both agreed she was looking back in the direction of the 'burned' building and half-shouting curses in that direction. They agreed the only thing they heard clearly was when she said "don't worry, I've got the beer". The woman poured beer on her head and staggered away, last seen going south on Ashland. Both recognized the woman as the first floor tenant of 4504 S. Marshfield, Isabel RAMOS. About five minutes after this incident, the pair noticed smoke coming from the building across the street. They could add nothing further.

Various neighbors were canvassed for additional information relative to this fire or the current whereabouts of Isabel RAMOS, but little information was disclosed. A Flash Message was sent via the local zone dispatcher with Ramos's description and the explanation that she was wanted for investigation at this time. Additional efforts to locate Ramos disclosed that she has a relative at 4640 S. Marshfield, rear second floor. Several visits to this location failed to discover the subject.

The reporting detectives made numerous tours of the area in an attempt to locate Isabel RAMOS, but all attempts proved unsuccessful. Efforts will continue to locate this subject for interview relative to this incident. This investigation is continuing.
